COMPLETE RECRUITMENT CONSULTANCY SERVICE

Nawaf Mohamed Al Mudahka Manpower Company

The complete recruitment consultancy service complements our Data Bank Search. It is based on the standard recruitment advertising and selection approach. As a standard, before we proceed with the recruitment project we familiarize ourselves with our client organization and his requirements. SMS MANPOWER SUPPLY CONSULTANCY will design and advertise in the media and approach in the associate offices, and thereafter the response is scrutinized and shortlisted as per the company's satisfaction.

Temporary Assignment Service

Changing workload and the project orientation of many employer means that the staff requirements are at the best available resources and effective costs. There are occasions when short terms or temporary assistance provides the only viable solution to a staffing shortfall particularly where staff is required immediately. The temporary assignment service is designed to help fill immediate or short-term requirements quickly and effectively. NAWAF MOHAMED AL MUDAHKA MANPOWER COMPANY supplies professional staff with specific expertise that requires minimum induction into the company thereby ensuring that the temporary staff matches the requirement and the company receives full value for money. We are aware that requirement for a temporary assistance exists at all levels but practical experience has taught us that we can best serve your needs by concentrating on professional staff.

MANPOWER SERVICES

Our strength lies in our cost effectiveness and fast track project execution. Before being lined up for the interviews with clients all personnel are initially interviewed and tested. Technicians are trade tested in their respective fields. We have compiled a vast computerized Data Bank of job aspirants our database consists of the entire gamut of Human Resources extending from unskilled

labourer skilled artisans, technicians, administrative staff, and senior professionals. The areas we specialize in are oil/gas (onshore/offshore), Construction, Engineering, Marine, Catering, Healthcare, "Computers (hardware/software). The fact that we have network of office in India and Nepal enables us to obtain personnel from specific areas in India such as construction workers from Punjab & Rajasthan in India and from Janakpur & Katmandu in Nepal, oil field professionals from Mumbai in India, Engineering and Technicians from Bangalore in India. Our associate's offices in Bangladesh, Indonesia and Africa can provide you with personnel that suit your requirements.
